EMPOWERING MEDITERRANEAN REGULATORS FOR A COMMON ENERGY FUTURE

MEDREG ACHIEVEMENTS 2018-2020

Co-funded by the European Union
1. Design options to stimulate regional integration

2. Analyse and improve conditions for infrastructure investment

3. Design frameworks to improve and increase efficiency, competition and transparency of electricity and gas supply industries and promote RES

4. Design a common approach on consumer protection principles, considering the situation of vulnerable consumers

5. Build regulatory capacity in the region
MEDREG acts as a platform assisting the needs of its members. It also facilitates capacity development activities through webinars, training sessions and workshops as well as personalised hands-on initiatives.
